Question Book

1 Mark Questions:

1. Write Full Form of CPM.
2. Full Form Of SDLC.
3. Full Form Of MIS.
4. Full Form Of OAS.
5. Full Form Of DSS.
6. Definition of Software Engineering.
7. What do you mean by template?
8. Full Form Of UML.
9. What do you mean by Shapes?
10. Write Full Form of LLD.
11. Write Full Form of HLD.
12. Write Full Form of LOC.
13. Write Full Form of KLOC.
14. Explain Non-Critical Task.
15. What is meant by Fault?
16. Definition of Resources.
17. Write Full Form of SRS.
18. Explain Defect.
19. What is layered technology.
20. Define product or Software.
21. Explain Logic bugs.

---

3 Marks Questions:

1. Explain Computer based Information System.
2. Explain Characteristic of System.
3. Explain Sub System with Example.
4. Explain Elements of System Analys.
5. Explain Version of Visio.
6. Explain Waterfall Model.
7. Explain Layered Technology.
8. Explain HIPO Diagram with Example.
9. Explain Flow chart with example.
10. Explain Prototyping Model.
11. Explain Concept of project management.
12. Explain Bug Types.
13. Explain Layered Technology.
14. Explain Big Bang Model.
15. Explain Project manager Essential Aspects of project.
16. Explain Problem based Estimation.

17. Explain Error and its Types.
18. Explain Test Plan.

---

5 Marks Questions:

1. Explain System Development Life Cycle.
2. Explain System Analyst and its types.
3. Explain Benefits of Software.
4. Explain Data flow diagram with example.
5. Explain Class diagram and its relationship with example.
6. Explain Flow chart with example.
7. Explain Use case diagram with example.
8. Explain V Model and Write down Pros and Cons.
9. Explain Iterative Model.
10. Explain Big Bang Model with pros and cons.
11. Explain Spiral Model.
12. Explain Size Oriented Matrix.
13. Explain Function Oriented Matrix.
14. Explain Ms Project for controlling and project management.
15. Explain Test case, Test harness, Test script and Test Suite.
16. Difference between White box and black box Testing.
17. Explain Grey Box Testing.
18. Explain Software testing.
